

COMBINES FOR CURES™

SAVING LIVES IN RURAL COMMUNITIES. ONE MAN AT A TIME.

HOW YOU CAN HELP

Our mission in rural Alberta is to increase the number of men over the age of 40 to take a PSA blood test for the early detection of prostate cancer. Through your grain donation, you can help educate men and their families about prostate cancer, early detection and treatment. And your donation will help operate the rural Man Van™ clinics throughout southern Alberta – money donated in rural Alberta will stay in rural Alberta.
